

## Internship Offer Letter

Dear Mr./Ms. Dhruv Prajapati

Date: November 25th, 2024

Congratulations on being selected for a 1-month virtual internship program at **ShadowFox**, focusing on Cyber Security. This internship will provide an excellent opportunity to develop your skills, significantly boosting your employability and confidence in the subject area.

At ShadowFox, we believe in harmonizing effort and reward. We value your dedicated contributions and have cultivated a unique culture where your hard work aligns with the delightful surprises we have in store for you. Through this internship, you will gain practical knowledge, foundational skills for entry-level positions, and hands-on experience to excel in your career. Please note that there will be no stipend for this internship.

Internship Duration: **1st December to 31st December**

Internship Benefits:

- Gain hands-on experience by working on real-time projects to enhance your skills.
- Receive a certification from ShadowFox to boost your professional profile.
- Showcase your skills by solving real-world challenges
- Earn swags and goodies upon successful completion of the internship.
- Expand your network by connecting with like-minded individuals.
